- (d) All team competitions run under CCA auspices will also require ECF membership or other equivalent national chess organization membership in order to take part, see rule 2 .
- (e) If the holder of any Championship is not challenged in any season, such club or player shall be deemed the holder for that season.

- (g) All games shall be governed by the "Laws of Chess" as published by the English Chess Federation.
- (h) In the event of a dispute, in the Club Championships, the matter shall be referred to the team captains for a decision; if they fail to agree, the matter shall be referred to the Competition Controller for decision. In the case of a claim for a draw in accordance with the ECF Rules for Quickplay finishes, this provision shall also apply in the first instance.
- (i) Any club or player may appeal against the decision of a Competition Controller in writing to the Association President who, in determining the resolution of the issue, may, at his discretion, form an Appeals Committee of three disinterested parties, not including the Competition Controller who made the original decision.

(2) CLUB LEAGUE CHAMPIONSHIPS

- (a) Teams shall consist of four players, and any club playing fewer than this number shall forfeit the unplayed game or games. No one may play for more than one club in the same Division in the same season. There shall be a maximum of eight teams in each Division. In the lowest contested Division, the Competition Controller may increase this number at his discretion.
- (b) Each club shall submit annually to the Competition Controller at the beginning of each season and before a Club Championship match is played by the club three nominated players for each team other than the lowest/weakest team as follows.

No player so nominated shall be eligible to play in a lower/weaker team whether in the same division or another division. All Non-nominated players are deemed to be in the weakest team.

Further more, no player in a lower/weaker team, who is stronger than the lowest player nominated for a higher/stronger team, shall be allowed to play for that higher/stronger team, whether in the same division or another division.

Teams will be registered A, B, C etc such that A is stronger/higher than B etc.

These nomination lists cannot be changed during the year unless the competition controller is sure no unfair advantage is being sought. The only exception being that new players may be registered before they have played a game and other players lowered as a result. Nominated players must be bona-fide members of the club and be registered with the Association.

For the purposes of nomination, if a club's estimate of its members' playing strength differs from grading order, according to the grades published in the current Cumbria Grading List and List of Estimated Grades, then evidence of playing strength must also be submitted to the Competition Controller. In this case should the controller agree the grade of the player(s) affected will be altered in the list for that season.”

- (c) Matches shall be arranged as stipulated in the Fixture List. The match shall be played on the date given in the Fixture List unless both teams agree an earlier date. The Competition Controller shall endeavour, in so far as is practicable, to establish fixture dates so as to enhance flexibility of player selection for Clubs with more than one team, and within a playing period utilising available dates in the full season of September to May.
 - (d) The Home Team is responsible for providing all the necessary equipment and for arranging the venue, and must provide confirmation of the arrangements to the Away Team at least two weeks before the stipulated or agreed fixture date.
 - (e) Before a match begins, the captains shall exchange their team lists written out in order of playing strength and no subsequent alteration shall be permitted. If a team knowingly has insufficient players it must default the bottom boards first. Where two teams play each other at home and away during the same season then the away team will have white on the odd numbered boards. If the two teams only play each other once during the season then the captains shall toss for colours and the winner shall take white on the odd-numbered boards in all games.
 - (f) At the agreed commencement of the match all clocks must be started. The game of any player still absent after 45 minutes shall be forfeited.
 - (g) One game only shall be played between each pair of players. Clocks must be used, and in all such games the time limit shall be all moves in 1½ hours (in an evening match) or all moves in 2 hours (in an afternoon match), subject to the ECF Rules for Quickplay finishes and Rule 4(1)(h).
 - (h) Matches will be decided by the total of game points for each team, with one game point for a win and half a point for a drawn game. Defaults count as wins unless both players default. Teams total game points will determine league placings.
 - (i) Within one week after the match is played, both teams shall send one copy of the Match Score Sheet to the Competition Controller.
 - (j) The Competition Controller shall have the power to default and impose a penalty of up to 4 game points on teams who do not participate in the competitive spirit of the League or otherwise bring the game into disrepute.
 - (k) At the end of the season the top team in Division Two, after a playoff between north and south winners, shall be promoted to Division One; the team finishing in bottom place in Division One shall be relegated to Division Two. Should two or more teams involved in Championships or promotion/relegation finish with equal points, then the final placings shall be decided by the elimination of the bottom board(s) until a winner is resolved.
 - (l) Should a club enter less teams than a previous year or withdraws a team mid season then it is the weakest team that should be removed except if the competition controller agrees otherwise.
- (3) **CLUB HANDICAP KNOCK-OUT CHAMPIONSHIP**
- (a) Teams shall consist of four players, and any club playing fewer than this number shall forfeit the

unplayed game or games. No one may play for more than one team in the same season.

(b) Matches shall be completed in each round on the date specified by the Competition Controller unless both teams agree an earlier date. The Home Team shall notify the Away Team of the venue at least two weeks before the fixture date.

(c) The Home Team is responsible for providing all the necessary equipment.

(d) Before a match begins, the captains shall exchange their team lists written out in grading order according to the grades published in the current Cumbria Grading List and List of Estimated Grades, and no subsequent alteration shall be permitted. Ungraded players may only compete if an estimated grade is obtained from the Results Secretary prior to the game's commencement. The captains shall toss for colours and the winner shall take white on the odd-numbered boards in all games.

(e) At the agreed commencement of the match all the clocks must be started. The game of any player still absent after 45 minutes shall be forfeited.

(f) One game only shall be played between each pair of players. Clocks must be used, and in all such games the time limit shall be all moves in 1½ hours (in an evening match) or all moves in 2 hours (in an afternoon match), subject to the ECF Rules for Quickplay finishes and Rule 4(1)(h).

(g) Teams shall be handicapped as follows:

Excluding defaulted games, gradings of each team's players will be added together and the difference between the teams' total grades will determine the Match Points Handicap as in the following table:

Total grade difference	Match points handicap
200-163	3 ½
162-138	3
137-113	2 ½
112-88	2
87-63	1 ½
62-38	1
37-13	½
12-0	0

If, on any board, there is a grade difference of more than 50 points, then the difference shall be counted as only 50 and the Total Grade Difference be adjusted accordingly.

On completion of the match, the Match Points Handicap shall be deducted from the score of the higher-graded team. If the scores are then level, the elimination of the bottom board(s) shall apply (each time using the above table) until a winner is resolved. If the scores are still level, then the winner shall be the team whose total grades are the lower; if the teams' total grades are equal, then the winner shall be decided on the toss of a coin.

(4) INDIVIDUAL CHAMPIONSHIPS

The Individual Championships shall be held annually at a venue decided by the competition

organiser. The AGM will decide which region is to hold the event which normally will be held in the North, Centre and South of the County in rotation. The Championships shall be run according to the 'Guidelines for the Championships' and under the auspices of Cumbria Chess Association.

Guidelines for the Championships

- (a) The Championships shall be organised in such a way as may be decided from time to time by the AGM.
- (b) Championships must be concluded by 30 April.
- (c) The Individual Major Championship shall be restricted to players with a grading not exceeding 150 and the Minor Championship shall be restricted to players with a grading not exceeding 125.

The Individual Junior Championship shall be restricted to players who will not have attained 18 years of age on the first day of a season i.e. 1 September.

- (d) Each Section Open, Major, Minor (formerly Major, Minor and under-100) shall be run according to Swiss Pairing Rules. (If organisers are unsure of the rules, details are on the Website or contact County officials).

The Cumbria Individual Championships shall be run as an 'Open' competition ('Open' meaning open to players outside Cumbria) and will not be bound by rule 2a) of the Cumbria Chess Constitution.

- (e) The event shall take place over a designated weekend including: First Round Friday evening, 2 rounds Saturday, 2 rounds Sunday.
- (f) Time limits shall be set by the Competition Controller – as a guide, use 2 hours each on the clock (no fast finish). (Less time can be allocated per game, but should be no less than 1.5 hours each.)
- (g) In the event of two or more competitors tying for first place after the scheduled number of rounds, each of the said competitors having gained the same total number of points, the Championship shall be decided in accordance with the rules for tie-splitting.

In order of consideration to resolve the tie-break:

1. Sum of Progressive Scores. These shall be the sum of scores a player has after each round, eg: if a player has 4 points, wins his first three games and draws his last two games his score is the sum of '1,2,3, 3.5, 4 = 13.5' whereas if someone loses his first game and wins the next four, the sum is '0,1,2,3,4 = 10' – the higher progressive score wins.
2. Sum of opponents Scores. The final scores of the players opponents are added up and the higher score wins.
3. Player who had more Black pieces would win over a player with more White's.
4. 10 minute play-off - toss for colours.
5. 5 minute play-off - reverse colours if possible (there may be 3 players still involved).
6. Armageddon game - 5 minutes for white, 4 minutes for Black (Black only needs a draw to win the event).

(h) The competition shall be held according to the above guidelines and be in the control of a Competition Controller/arbiter, whose decision is final.
